# Swim England Grant Funding

01

Swim England announced second phase of funding released to help decarbonise Swimming Pool facilities and how to apply.

One Leisure applied for all sites as well as submitting required supporting evidence.

02

03

Swim England confirmed initial successful funding (subject to clarification and site audits).

One Leisure St Ives received £700,000 for: Solar Canopy's and triple glazing windows  
Time to start the projects! :D .

04

# Using Support Funding

How we have utilised Government Funding so far:

## Salix Recycling Fund Projects

Year to date we have completed 46 projects through the scheme as well as having 2 final projects in the pipeline before the scheme ends March 25.

## PSDS

So far through the PSDS funding we bided and won £3.8m which we were able to spread across two sites; One Leisure Ramsey and The Civic Suite at Pathfinder House.

## Low Carbon Skills Fund

Plans to De-gas:  
One Leisure Huntingdon Dryside  
Pathfinder House  
Eastfield House

# Building Decarbonisation So Far

## *One Leisure - Re-Fit Project*

*This project included the installation of PV systems, BEMS, LED lighting and pool plant equipment for our Leisure Centres.*

## *PFH - Civic Suite*

*HDC secured £3.8M through Salix Fund. This enabled us to de-gas our Civic Suite as well as installation of BMS, AHU's and part LED lighting.*

## *One Leisure Ramsey*

*HDC secured £3.8M through Salix Fund. This enabled us to remove all gas services, install LED lights, install ASHP, install new AHU and other energy saving installations.*

## WHAT HAVE WE SAVED SO FAR:

Through the Salix Recycling scheme we have saved an estimated **912 C02e** tonnes.

With the decarbonisation work at One Leisure Ramsey we have saved an estimated **220 C02e** tonnes.

With the decarbonisation work at Eastfield House we have saved an estimated **31 C02e** tonnes.

With the decarbonisation work at Pathfinder House we have saved an estimated **225 C02e** tonnes.

## FUTURE SAVINGS:

With the future investment in solar canopies at One Leisure St Ives we are aiming to save an estimated **31 C02e** tonnes.

## WHAT DOES THIS EQUATE TO:

6,164,855 miles in a car

1,535 cubic meters of trees

2,374 round trips to Munich

## FUTURE SAVINGS:

34 cubic meters of trees

137,687 miles in a car

53 round trips to Munich
