

# Local Food Procurement in Shetland

# Shetland Farm Dairies

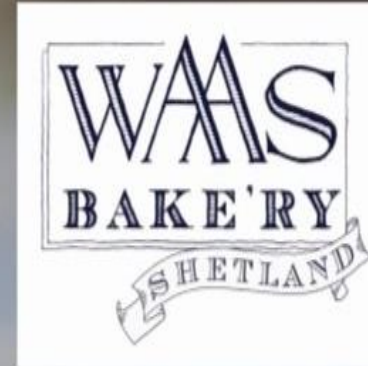

# Shetland Lamb

# Shetland Beef

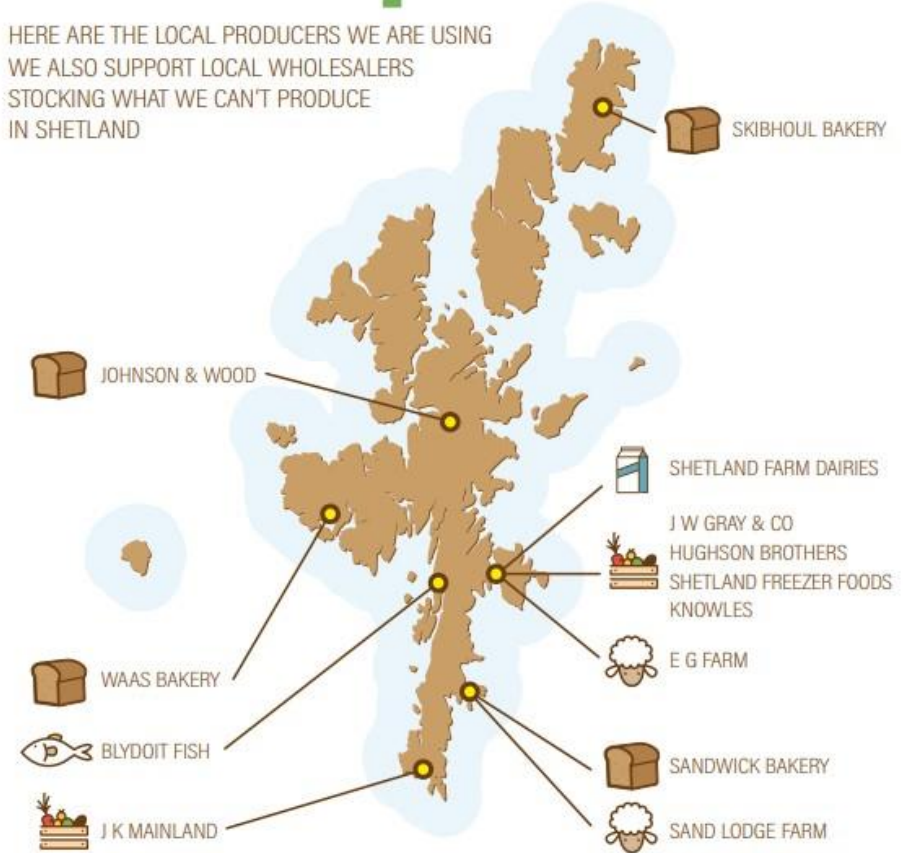

- The first step for us was being prepared to change our model
- Using local produce is an investment in your economy
- We have a responsibility to ensure food is procured in line with the Council's values and delivers for the people of Shetland
- Using local suppliers helps reduce our fragility at the end of the supply chain and increases our resilience
- SIC Catering Procurement Policy
- By supporting our farmers, growers and producers we help ensure they will be here in the future

# We want to use as much locally-produced food as possible

HERE ARE THE LOCAL PRODUCERS WE ARE USING  
WE ALSO SUPPORT LOCAL WHOLESALERS  
STOCKING WHAT WE CAN'T PRODUCE  
IN SHETLAND
