A new volunteering offer for council parks

Jessica Britch & Lydia Dayes
Salford Ranger Team

Salford Ranger Team

Our parks

Issues

- Reduced workforce
- Fewer resources
- COVID-19
 - Vulnerable volunteers
 - Increased park visitation and expectations
- 3rd sector competition

A new training offer

Ordsall Park community garden

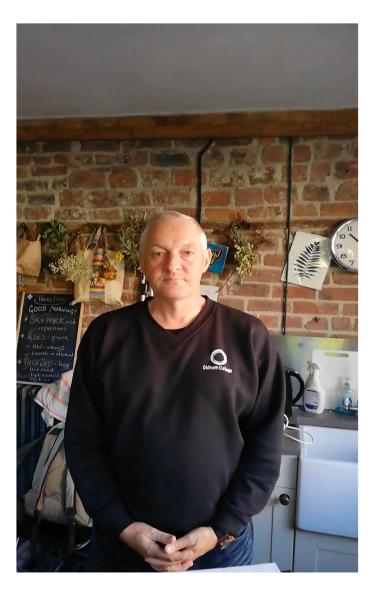

Peel Park

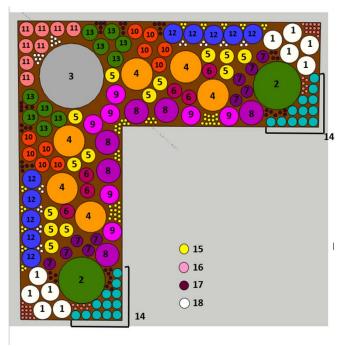

Oldham College partnership

The Civic Centre

Sustainable urban planting Salford Civic Centre

A main theme for this design is architectural intrigue. With many different shapes and dynamic heights of plants.

There should be flowers almost all year round of varying colours, with this plan a rough guide to bloom colour. Another theme is the attractiveness to wildlife, primarily pollinators, to aid the conservation of British bees and butterflies.

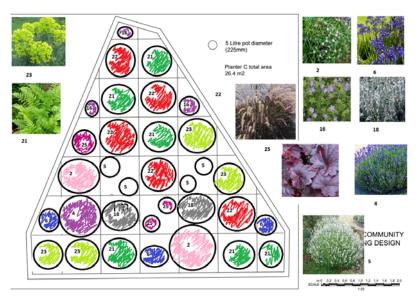

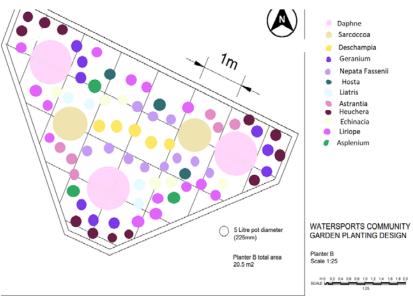

Salford Quays community garden

Feedback

"Our volunteers do a fantastic job helping our staff to maintain and enhance Salford's parks and green spaces which have been appreciated even more this year"

Councillor David Lancaster,

Executive support member for environment and community safety

Finding a different audience

Salford University partnership

AQA certificates

ESOL & Salford City College

What's next?
