Speaker: Cesar Martinell, Chairman, Barcelona Housing Systems

Question and answer session

Next steps for APSE Energy
Phil Brennan, Acting Head of APSE Energy, APSE

1:30 Networking lunch

2:30pm Close

About this event

Last year APSE ran the first ever Big Energy Summit and a great success it was too. We are following the same approach this year by bringing together a range of speakers with experience and expertise across the energy sector to share and learn with our delegates. There will be plenary and workshop sessions to enable questions, debate and discussion as well as time for networking. The event is sponsored by WElink Energy and will take place at the exclusive Walton Hall Hotel and Spa in Wellesbourne, Warwickshire on 26 and 27 May 2016. This strategy summit has been organised for members of APSE Energy to consider the way forward for local authorities; what form their responses to policy changes should take; a review of progress across the sector; and learning opportunities. Amongst key themes being discussed are;

The current policy context for energy

- The democratisation of the energy sector
- Alternative delivery models
- Developments in energy storage
- Housing and energy
- Future developments in the sector
- Developing a business case
- Procurement issues
- Grid capacity
- Energy efficiency
- Working with the private sector
- Case studies from local authorities

The Big Energy Summit is an important event in the calendar for the energy collaboration and each member local authority is entitled to 2 FREE places at the summit. We suggest that a senior officer and elected member with responsibility for energy matters attends. As places will be limited by the venue capacity member authorities are urged to book attendance immediately.

Who should attend?

The summit will be extremely useful for all those involved in driving their local authority forward through innovation and new approaches. Senior managers, directors of finance and resources and heads of service should attend along with senior councillors.

Senior managers with responsibility for sustainability, energy management, climate change, energy efficiency, assets and property, renewable energy projects, service delivery models, policy development.

Senior Councillor Portfolio holders for environmental issues, finance, commercial developments, asset management, regeneration, service transformation.

Reserve your place now by completing the booking form and faxing it or emailing to Alistair Holcroft at APSE on 0161 772 1811 or aholcroft@apse.org.uk
