Authority Experience &
Lessons Learnt**

Kenneth Brown

Senior Engineer – Roads Maintenance

Discussion Points - Themes

- Funding and Design Process
- Implementation
- Monitoring and Review

Funding and Design Process

- Was the funding brief and scope clear and well explained? (public, members and officers)
- How did you find the timescales for approval and implementation?
- How were schemes chosen and then what to bid for?

Implementation

- Road safety audits. Have any been done?
- Equality impact assessments?
- Examples of good schemes?
- Examples of schemes that in hindsight are not so good?

Monitoring and Review

- With the money available was there ever going to be equality?
- How have you done monitoring and evaluation given Covid restrictions?
- Resident and road user reactions. Positive or negative?

Discussion Points

- Any other thoughts/comments.
