Coffee break

15:00
Close

About

Whether it's record high summer temperatures, winter frost or extreme rainfall, local authorities are having to deal with the increasingly varied demands of climate change.

Response services are essential for residents and businesses, but changeable and unpredictable weather conditions, plus as the seasonal nature of our winter climate changes, it is important to keep pace with new innovations and technical developments becoming a proactive service while reacting to inclement weather.

Highways and environment teams are banding together to keep the public safe and moving through rain, snow or shine. Increasingly wet and less snowy winters mean winter teams must adapt to our changing winter climate which we will explore.

All these issues and more will be discussed and debated with ample opportunity for delegates to network and learn and share ideas and information from each other.

Alongside a trade exhibition, this event is a timely and affordable learning seminar for all involved in the winter maintenance, extreme weather response services and interested in the practical aspects of climate change.

Who Should Attend?

- Highways directors, heads of service and managers
- Climate change adaptation officers and climate/flood resilience teams
- Winter maintenance specialists
- Elected members with highways, environment or neighbourhood service responsibility
- Press officers and communications team
- Suppliers who want to learn about the latest developments from a commercial perspective

Join us to understand how you can keep your communities safe and moving in the face of future climate change and extreme weather!

Booking

Delegate Packages Exclusive of VAT

What's included?

The delegate fee covers attendance, delegates' documentation, lunches and light refreshments.

APSE member delegate fee: **£99 + VAT**

Non member delegates fee: **£179 + VAT**

Click [here](#) to reserve your place on this event

CANCELLATION & REFUND POLICY: Reservation is a contract. Substitution of delegates is acceptable any time in writing by email to mkenny@apse.org.uk. Cancellations must be made in writing at least 10 working days before the event, and will incur a 20% administration fee. No refunds can be given for cancellations received less than 10 working days before the event or for nonattendance. In the unlikely event of cancellation by the organisers, liability will be restricted to the refund of fees paid. The organisers reserve the right to make changes to the programme, speakers or mode of delivery should this become necessary. If due to emergency action by UK Governments/Administrations or Public Agencies this event is postponed, for example for reasons of public health and safety, the organisers will transfer your booking to the replacement event or provide a credit voucher against a future event booking.
