

APSE Roads and Street Lighting Advisory Group Online Meeting – Friday 6 August 2021 10.30 AM to 12.00PM

Welcome: Cllr Frank Anderson, West Lothian Council

Agenda

How we use data for asset management

Speaker: Sean Gilchrist, RAMP Manager, City of Edinburgh Council

This presentation will include a demo of the IT system used by City of Edinburgh.

Assessing the impact of Covid-19 on your service through data collection

Speaker: Debbie Johns, Head of Performance Networks, APSE

Post COVID: return to work/ new working arrangements

Group discussion

As we continue to navigate towards recovery and renewal, this discussion will provide colleagues with an opportunity to discuss how your services are returning to work including any new working arrangements and/ or changes to the locations of where staff members are based.

Winter policy reviews

Group discussion

Looking ahead to the upcoming winter, this is an opportunity for colleagues to discuss any winter service reviews which are/ or will soon be underway including any changes to gritting routes, emergency salt provisions for communities and night shift arrangements.

Roads and Street Lighting clinic: Any issue affecting service delivery including:

- **Road Construction Consent**

Group discussion

This provides an opportunity for attendees to discuss any challenges and solutions that councils are experiencing and adopting in relation to a particular issue. This can be COVID related or other.

APSE Update

Speaker: Louise Melville, Principal Advisor, APSE

About the meeting

This online meeting will be hosted using Microsoft Teams and those signing up to join the meeting will receive an online joining link. Any PowerPoint slides and a link to related briefings and research will be made available to participants after the event. The chat function will also be available for participants to use as well as the opportunity to join in this online event through both video and audio facilities.

The meeting will end at 12.00 PM

Virtual meeting etiquette

To ensure that the meeting runs to time we have some gentle guidelines and tips.

Connecting to the meeting:

You will have received an email from the host which contains the following text at the bottom:

Join Microsoft Teams Meeting

[Learn more about Teams](#) | [Meeting options](#)

When it is time, you need to click on the 'Join Microsoft teams meeting' text. When you do this you may be on hold for a few seconds until the organiser of the meeting admits you to the meeting. Should you be disconnected at any point, you can still use this link to reconnect.

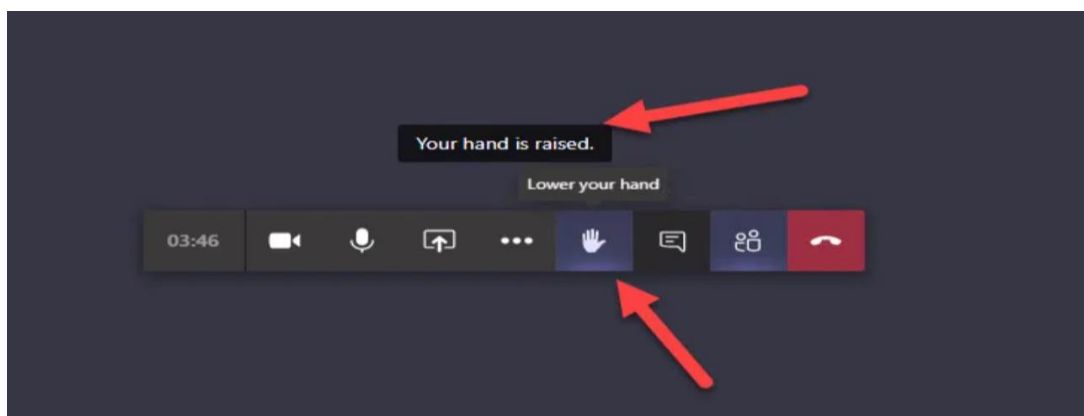

During the meeting:

To avoid creating an echo for others, please turn off your microphone using the microphone button on the toolbar

The toolbar (this is usually in the centre of the video call screen, if not, click on the centre of the screen and it should appear):

You can now also use the 'hands up' facility. Just click to raise your hand to speak or click again to lower your hand.

Please ensure that the 'chat' facility is in view, this appears at the right-hand side. This can be done by clicking the chat icon.

If you wish to make a comment during the meeting, please indicate to the meeting Chair by raising your hand or add a comment in the chat so that the meeting host / chair is aware.

When the Chair invites you to speak, please un-mute your microphone by again pressing the button. (Please remember to silence this when you have finished speaking).

If you have a camera facility, please enable it by clicking the camera button

Some devices will not have an inbuilt camera, this does not prohibit you from joining the meeting. Users do need access to sound to hear the content of the meeting.

You may notice that the people who are visible on your screen changes, this is because MS Teams shows the person speaking and those who have recently spoken.

Should you lose connection to the meeting, please go back to the original link sent by the meeting host, and re-click on the link.

GDPR

APSE will not be recording or saving the video call, please do not record any element of the meeting as you need express permission from all attendees.
