# Cheshire East's Waste Strategy Transformation

Working for a *brighter future* together

OFFICIAL

# Overview

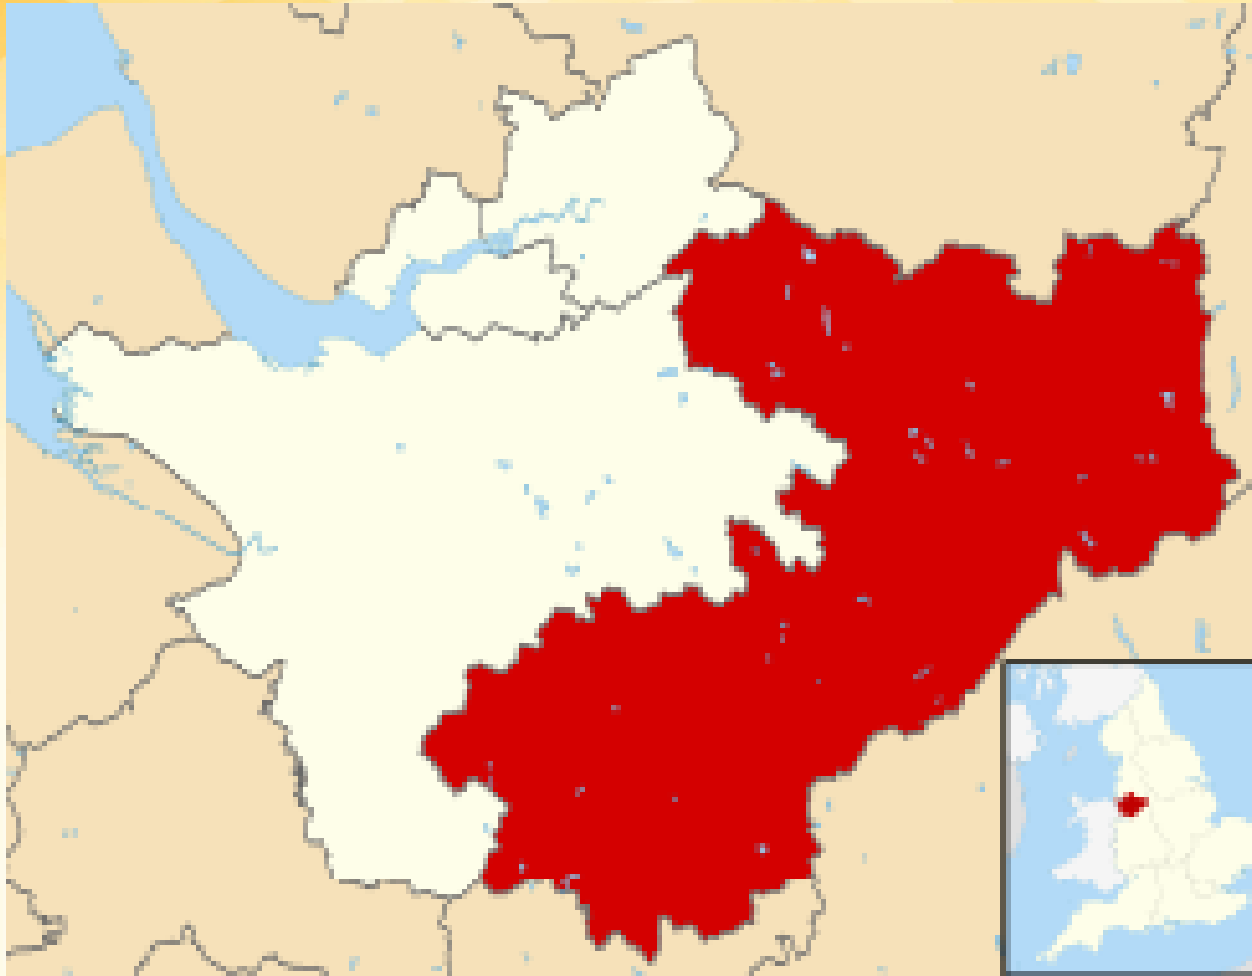

- Background – new authority new scheme
- Strategy – Ansa, EfW, food waste, HWRC
- Going forward

# A New Unitary Council

# Cheshire East

Working for a *brighter future* together

OFFICIAL

# A New Service

Waste Stream			
Collection frequency	FORTNIGHTLY		
Materials collected	 newspapers & magazines  cardboard  foil  aerosols  food tins & drink cans  household plastic packaging  cartons  mixed glass	 garden waste	 household waste

Working for a brighter future  together

OFFICIAL

# A new waste strategy

- Critical that consultation and full member engagement is carried out
- Key aspects:
  - Creation of Ansa Environmental Services Ltd
  - Move from landfill with new infrastructure
  - Introducing food waste collection
  - Reviewing household waste recycling centres

# Alternative Service Delivery Vehicle Ansa

- Company created in 2014
- Over 350 staff transferred
- Continuing to deliver all services
- Now working with two other districts
- Delivered savings

# New Waste Infrastructure

Working for a brighter future  together

OFFICIAL

# Food waste collection

- Challenge to introduce within tight budget
- Initial feasibility to collect food separately  
£2m a year additional revenue - rejected by cabinet
- Competitive dialogue
- IVC solution
- Introduction in autumn 2019

# New Waste Contracts

## Winning Bidder: Biowise Limited

- Design build and operate contract for 15 years' operation
- IVC plant being constructed on Cheshire East site outside Crewe

# Household waste and recycling centre changes

## Proposed changes

- Closing one site – 60%
- Reducing hours at all sites – 63%
- Charging for rubble/construction waste – 55%
- Allowing small traders to use sites – 68%

# Resources and waste strategy

## Consistency implications:

- Weekly, separate food
- Kerbside sort
- Multi-stream

Much to work on as we carry out the five-year review of our strategy

**Thank you**
