

# Net Zero & Physical Activity

Charlotte Banks,  
Principal Advisor,  
APSE Energy

# Introduction

- The wider context of leisure & climate change
- Case studies and future leisure plans to tackle climate change
- Key points to consider in meeting Net-zero targets

# The wider context of leisure & climate change

- Carbon emissions from leisure
- LGPAP research & position statement

# Case studies and future leisure plans to tackle climate change

- Asset investigation
- Solar
- Trajectory reports
- Energy audits
- Salix finance

# Key points to consider in meeting Net-zero targets

- Carbon emissions from facilities
- Active travel
- Mental health, social prescribing, outdoor exercise
- EV car clubs based out of leisure centres, car parks there already
- Ebike hubs, bike libraries, repair and lend
- Outdoor pools
