

Connecting the dots: a recognised, trusted and professionally recognised workforce

APSE Active Futures: From Facilities to Wellbeing Thursday 13 November 2025

Clare Dunn MCIMSPA

CIMSPA Associate Director of Business Engagement

## What we'll cover today

#### **About CIMSPA and our sector**

Who we are; how we "lead by listening"; our sector workforce and industries.

#### **Professional status**

The value of professional status and recognition for the sport and physical activity sector workforce.

#### Local skills project

How sport and physical activity can inform Local Skills Improvement Plans and Trailblazer devolution deals.

#### Working with DWP

Our work with the Department for Work and Pensions – pathways from NEET to employment and professional status: more people, economically active.

### **About CIMSPA**

The Chartered Institute for the Management of Sport and Physical Activity (CIMSPA) is the professional development body for the UK's sport and physical activity sector, committed to supporting, developing and enabling professionals and organisations to succeed and, as a result, inspire our nation to become more active.

### **VISION**

Shaping a recognised, valued and inclusive sport and physical activity sector that everyone can be a part of.

## Our mandate and our promise

CIMSPA was created in 2012 with the award of its royal charter. Since then, we have worked collaboratively with organisations across the sector and established a leadership position as the guardian of the sport and physical activity workforce and champion of its professionalism.

Our approach has always been collaborative – "leading by listening" and our influence has been recognised by the UK government, devolved administrations, the home country sports councils and key sector bodies.

## Our strategy system interventions

Research-informed decision-making – moving from insight to foresight. UK sport and physical activity workforce observatory

Local skills plans/ local skills delivery The right training, delivered in the right place, at the right time, to the right people.

Ensuring a professional, well-governed sport and activity workforce.

Workforce governance Professional status and recognition

Training Academy / education ecosystem Harnessing skills legislation to our quality-assured education delivery ecosystem.

Enhancing business resilience and success for sector enterprises.

Business support hub

Careers support

The recruitment, training, retention and support of a diverse and inclusive workforce.

## The sport and physical activity sector

Our sector workforce includes

586,000 people

Our sector has six industries

Community sport Performance sport Adventure sport Exercise and fitness Leisure operations Health and wellbeing

Understanding professional status for the sector workforce

## Professional status is set to revolutionise the sport and physical activity sector

A professional status is earned through learning and experience, is issued by CIMSPA, and then must be maintained through learning and skills development and committing to a code of conduct.

## Professional status for flexible, rewarding careers

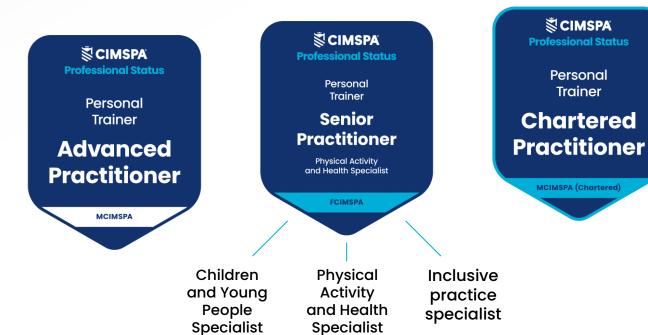

Showcase your expertise, not just your qualifications

Build credibility with customers and employers

Unlock your career progression and professional growth

Opens doors across the sector and with allied professionals

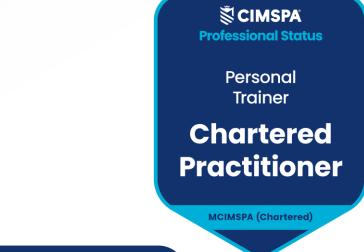

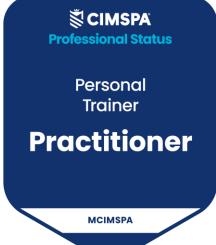

# Digital accreditation credentials

Your passport to professional recognition

Clients, peers, employers, the public and professionals in other sectors can instantly verify your achievements via a recognised and trusted source.

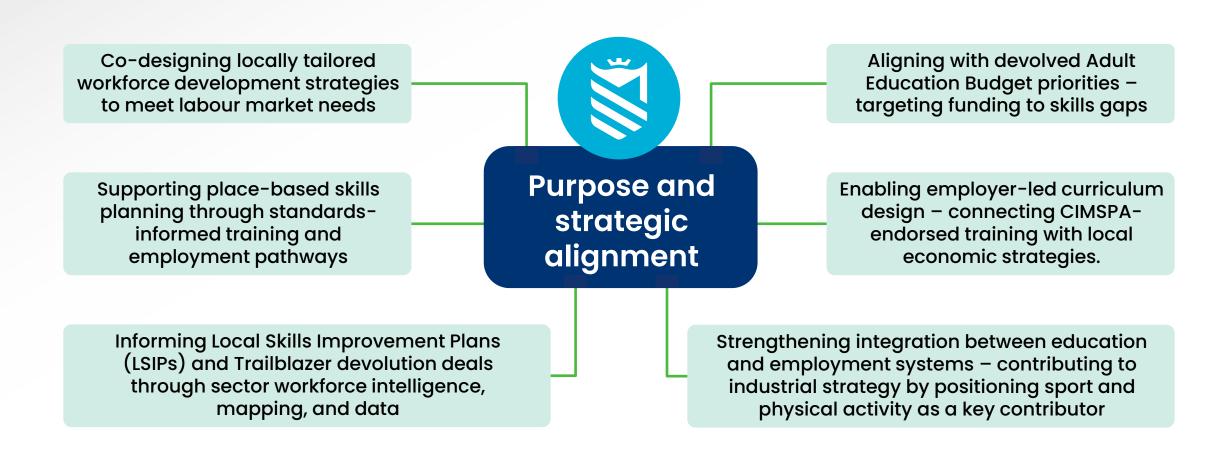

# CIMSPA local skills plans – purpose and strategic alignment

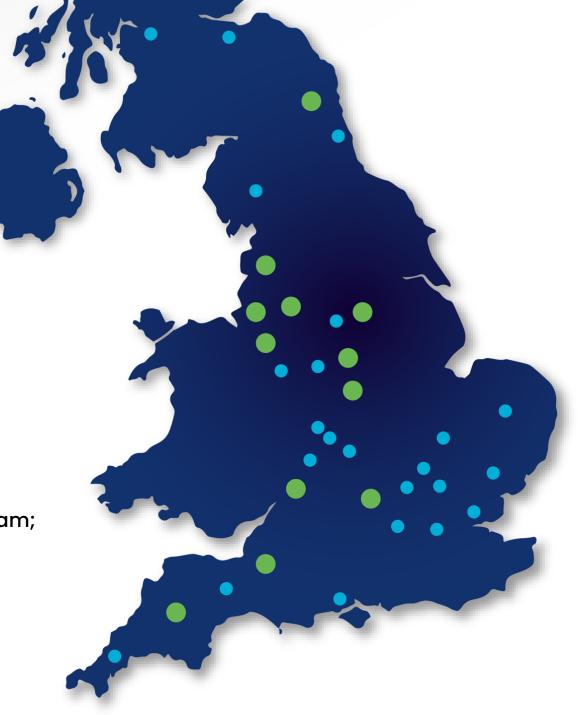

# Local skills plans progress

## Local skills cycle - place

#### **PLACE**

Over 30 local skills hubs across England and Scotland.

#### Each either:

- Has a CIMSPA-led Local Skills
   Accountability Board of employers, education providers and other stakeholders.
- Or the local Active Partnership and CIMSPA work directly together.

## Local skills cycle – stakeholders

#### **STAKEHOLDERS**

## Over 1000 organisations involved including:

- Employers
- Education Providers
- Department for Work and Pensions
- Employer Representative Bodies / Chambers of Commerce
- NHS integrated care bodies (ICBS) / integrated care systems (ICSs)
- Active Partnerships
- Local authorities
- Employability organisations

## Local skills cycle – understanding

#### **UNDERSTANDING**

#### Local LSIP priorities:

- Confirming sector skills needs
- Employer engagement to actively inform learning design and delivery (Doncaster)
- Closer working relationships between employers and educators
- Drive economic growth LSIPs identify and promote areas that that have the greatest potential for growth and job creation
- Navigation establishing an easy-tofind, coordinated, and accessible skills system

## Local skills cycle - indentify

#### **IDENTIFY**

Skills diagnostic data - over 1500 completed Capture recruitment and training needs across all organisations.

## Local skills cycle – review and repeat

#### **REVIEW AND REPEAT**

#### Align our LSAB priorities into LSIPs

- A more inclusive and diverse workforce that represents the community that it works within.
- Professionalisation to develop workforce in roles affiliated with health / integration between health and S&PA pathways.
- A local education network aligned in its approach to working with employers and deployers.
- A workforce inclusive of the underrepresented in our sector, so that we better represent those facing inequality.

Working with DWP

### **Building and improving**

## Department for Work and Pensions partnership

- Since January we have worked with DWP to support jobseekers to build a great career in our sector.
- Our sector careers support helps over 30,000 Job Centre Work Coaches and DWP Employer Engagement Officers.
- We also help over 130 DWP School Advisers, working across over a thousand schools, to inspire young people into a career in our sector.

Department for Work & Pensions

# Supporting DWP customers into rewarding careers in sport and physical activity

## Outreach & engagement

DWP identifies and shortlists suitable individuals for the programme.

## Pre-employment SWAP

A sector-specific work academy placement introduces learners to the sector, covering essential skills like first aid, health and safety, customer service, careers guidance, and work shadowing.

## Insight & guidance

CIMSPA collaborates with local employers and education providers to identify regional workforce needs and inform relevant training pathways.

## Skills development

Providers deliver targeted training such as SWAPs and skills bootcamps, based on local labour market insight to support learner progression.

## Employment & career progression

Learners are equipped with the skills and experience needed to enter and thrive in the sport and physical activity workforce.

#### **Building and improving**

## Solving recruitment and representation problems

The key problems we are working to solve are recruitment shortfalls into the sector and a mismatch between our workforce profile in local communities.

#### Because of our work with DWP

Our employers have access to an entirely new recruitment channel because of the nationwide connections CIMSPA has created with the DWP network. The Job Centre Work Coaches and DWP Employer Engagement Officers are providing new careers workforce of over 30,000 to "sell our sector" to individuals seeking work.

The DWP teams greatly extend our reach and connect the sector with more representative potential workforce members.
