

What are the big issues in establishing a white label energy supplier for local authorities in the future?

What are the big issues in establishing a white label energy supplier?

- Volatility of the energy market
- New entrants and ethics
- Can you cover your costs with domestic gas and energy alone?
- What is Fairerpower?
- Fairerpower's latest procurement for new services

Volatility in the energy market.

New entrants and ethics

- Numbers of new suppliers since 2015
- Why are they entering the market?
- Pricing in the energy supply industry
- Can they all survive?
- **Sticky customers**
- Is it ethical?

- Sub cost pricing
- No ECO taxes
- No requirement to fund Warmer Homes Discount
- Low levels of customer service

Can you cover your costs with domestic gas and energy alone?

What is Fairerpower?

A partnership between the Skills & Growth Co. (A wholly owned company of CEC) and OVO Energy. A local alternative to the 'Big Six', to tackle fuel poverty and help residents struggling to pay fuel bills With competitive rates Fairerpower offers affordable energy and drives prices down locally

Offers **pay monthly** (fixed or variable) or **pre-pay** (PAYG) deals Surplus income goes to the Local Authority – money saved from the tariff can be **re-invested in the local community** Partnering with OVO lets us create a customer base with **industry expertise**, sharing the risk and reward Tariffs are pegged to OVO, with annual open book assessment by Council-retained advisors

A Fairer deal for residents

All sections of the community and businesses benefit from Fairerpower

Why provide your own energy?

97%

of domestic energy customers are still with one of the Big Six 60%

of all customers have NEVER switched
