Staff and information

Friendliness of staff	Replace these three with 1 more general question about staff. But possibly add a question about coaching staff / session leaders.
Helpfulness of staff	
Knowledge of staff	
Information provided	Propose something along the lines of accessibility of info relating to available activities
Prices clearly displayed	DELETE

Facility presentation

Cleanliness of changing rooms / toilets	Make into a more general question about cleanliness of the building. This is an important issue to users
Temperature / quality of pool water (if applicable)	Not sure people comment on quality but temperature is a major issue for pool users and may reflect energy policy
Disabled access	DELETE
Feeling of a safe environment	DELETE
Quality of fitness / gym equipment (if applicable)	Propose we keep a question about the "state" of any equipment used
Quality of other equipment used	

Maybe also a question about the "state" of building repair and decoration

Value for money

Enjoyment of the activity	DELETE
<u>Value for money from the activity</u> Catering / vending value for money	VFM is a very subjective assessment. The satisfaction with quality/standards of equipment, buildings, etc are probably a better measure. Nobody is going to voluntarily pay more than necessary.
