

The Use of App Technology to Monitor Greenspaces Quality and Playground Safety

October 2022

Debbie Johns, Head of performance networks

Inspection Apps

bit.ly/APSELAMS

bit.ly/APSECLAMS

LAMS is

- ❖ Land Audit Management System
- ❖ Developed in Scotland and rolled out on a UK wide basis
- ❖ Monitor grounds maintenance, also be applied to street cleansing for a total street scene quality score.
- ❖ Simple and effective performance measuring system
- ❖ Can be used for cemetery land
- ❖ Can be used by volunteers
- ❖ 'what the public would see' rather than requiring a technical inspection
- ❖ App has been developed and is being used by LA staff and volunteers

www.apse.org.uk

Performance measurement

- Collects data source for comparative Performance Indicators at national level (real time & annual)
- Contributes to annual performance awards
- Available to all PN members for relevant services
- 46 councils pay for and use the App

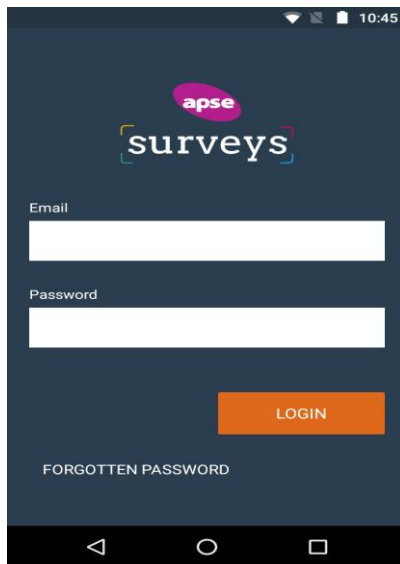

What does it monitor?

	Grounds maintenance	Street cleansing	Cemetery and crematorium services
Grounds maintenance	✓		✓
Grass cutting	✓		✓
Shrub bed maintenance	✓		✓
Flower bed maintenance	✓		✓
Surface weeds	✓	✓	✓
Litter	✓	✓	✓
Detritus		✓	
Fly tipping	✓	✓	✓
Fly posting	✓	✓	
Dog fouling	✓	✓	✓
Bins over flowing	✓	✓	✓
Bin structure	✓	✓	✓
Bin cleanliness	✓	✓	✓
Vandalism/ damage			✓
Graffiti		✓	
Staining/ gum		✓	

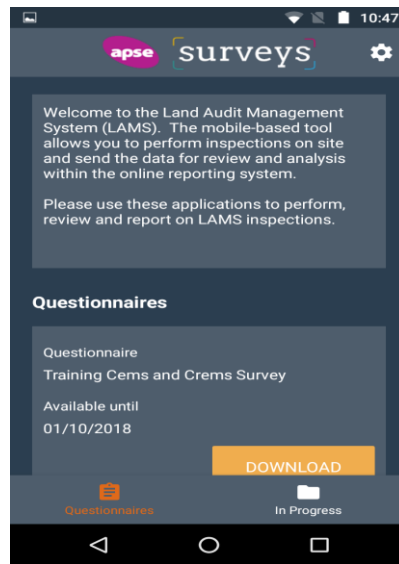

App Layout

USING THE APSE LAMS APP

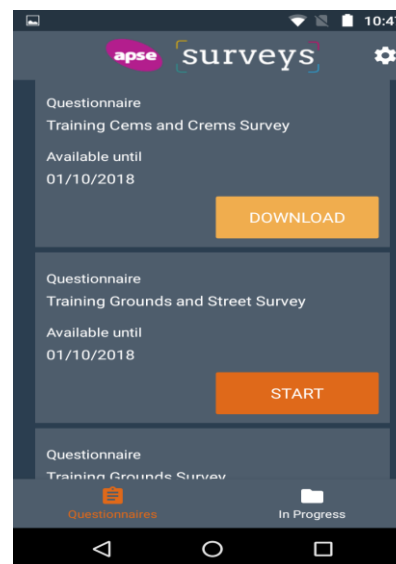

On opening the app, login with the email and password you have been set up with.

After login, the Welcome message displays from both APSE and your LA. See Admin Panel use for where to create the LA Welcome Message.

The Questionnaires list populates with the LAMS Inspections assigned to you.

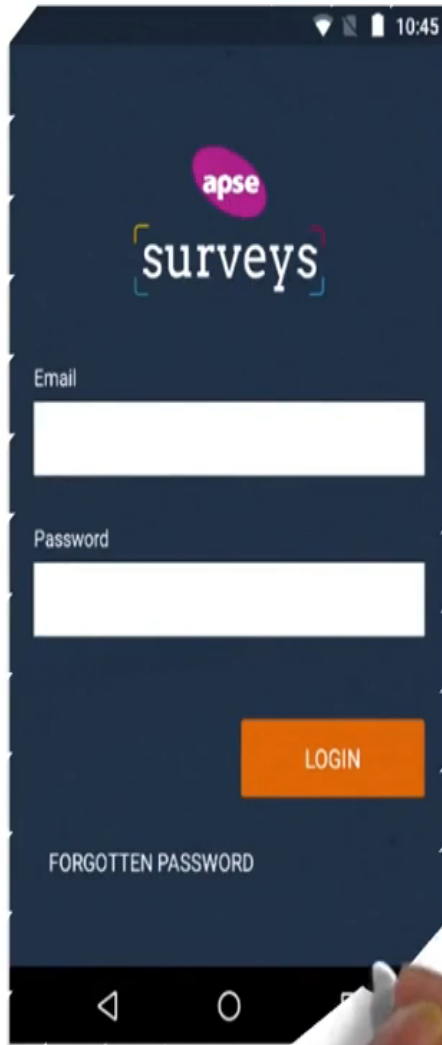

Clicking the 'Download' button downloads that survey to your device for completion, changing to a 'Start' button on completion of the download.

Select the 'Start' button to commence your inspection.

Notes on completing the Inspection and definition of the Zones in your LA display first.

Address is populated by your device – you must have location services on and accept the apps use of them.

LOGIN

Email

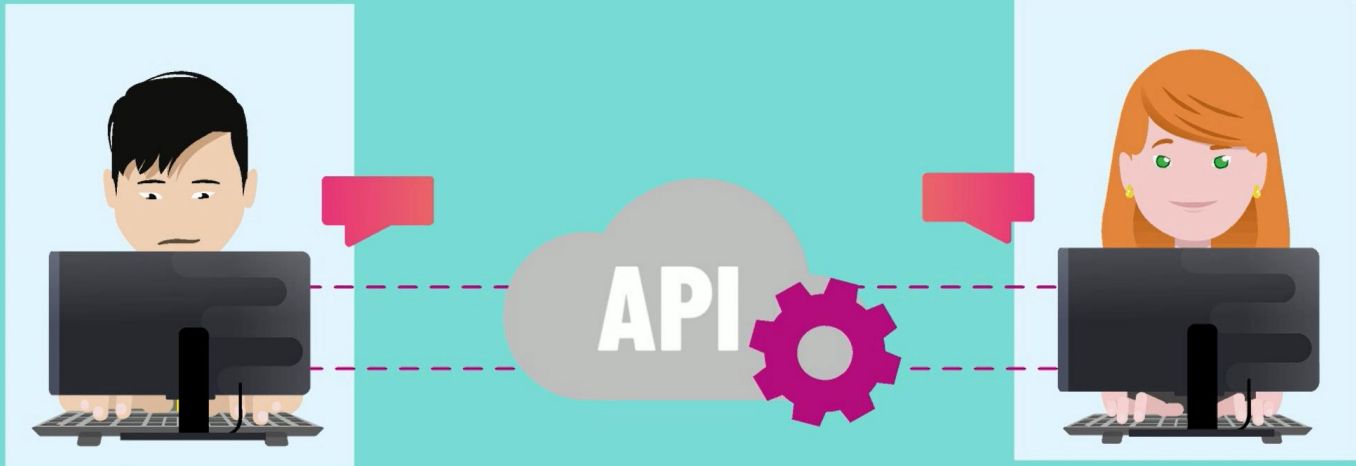

Password

FORGOTTEN PASSWORD

App improvements (optional)

- Inclusion of a randomiser to automatically allocate inspection lists to inspectors.
- Inclusion of a map of planned inspections on the App and a route planning facility.
- Inclusion of an API to link into back office scheduling systems.

Play inspection Management System (PIMS)

App for Children's playgrounds to assess;

- Asset survey (playground-wide)
- Equipment inspection survey (per piece of equipment)
- Play value (playground-wide)
- Quality survey (playground-wide)

With the principle that you would use any number of the four fields available as and when required by your service.

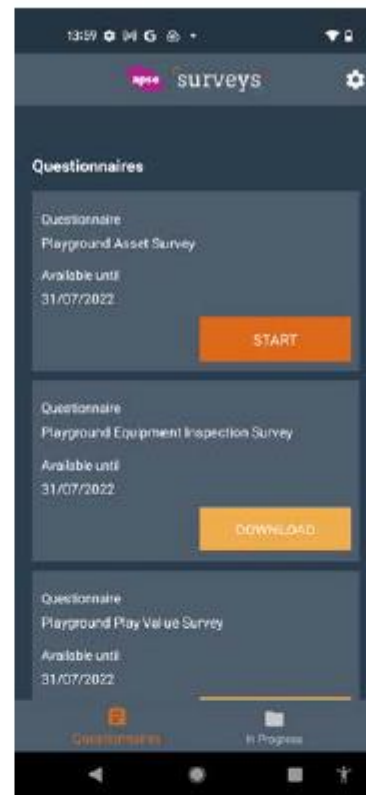

On opening the app, login with the email and password you have been set up with.

After login, the Welcome message displays from both APSE and your LA. See Admin Panel use for where to create the LA Welcome Message.

The Questionnaires list populates with the PIMS Inspections assigned to you.

Clicking the 'Download' button downloads that survey to your device for completion, changing to a 'Start' button on completion of the download.

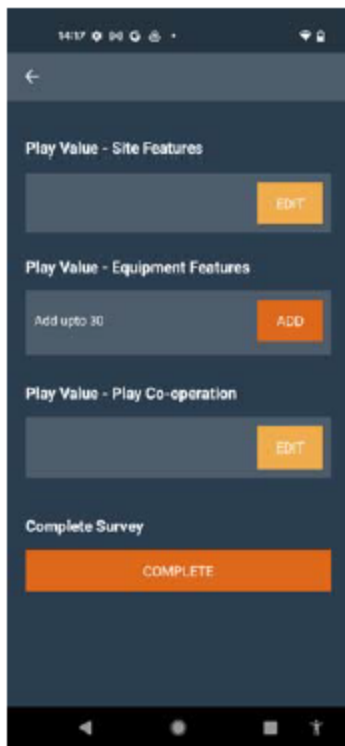

Select the 'Start' button to commence your inspection.

Address is populated by your device – you must have location services on and accept the apps use of them.

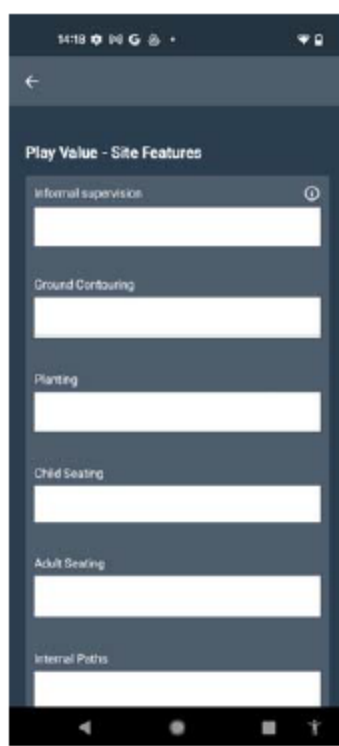

If working from a list this will populate with the list location.

Amend if required and click continue

Where a survey has multiple items to survey you can add these in and upto 30 different items of equipment can be entered for each location.

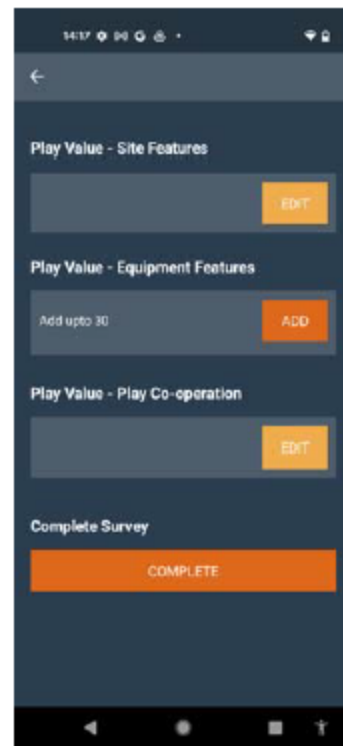

Select 'Add' to add an inspection for one item of equipment.

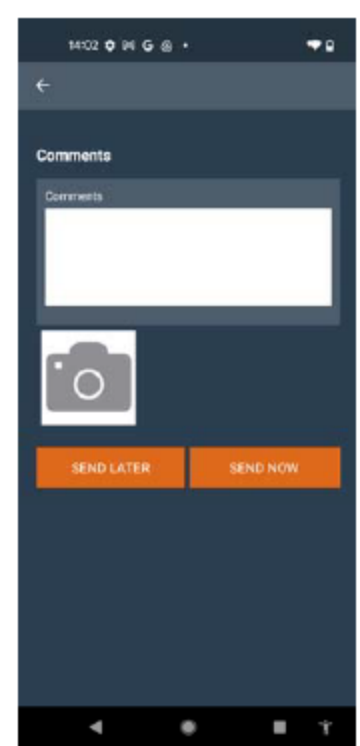

Answer the questions as required.

The 'Play Value' survey contains three scorecard PDF's to help you generate the score. To access these simply touch on the **i** symbol.

Scroll down and continue the inspection adding any images.

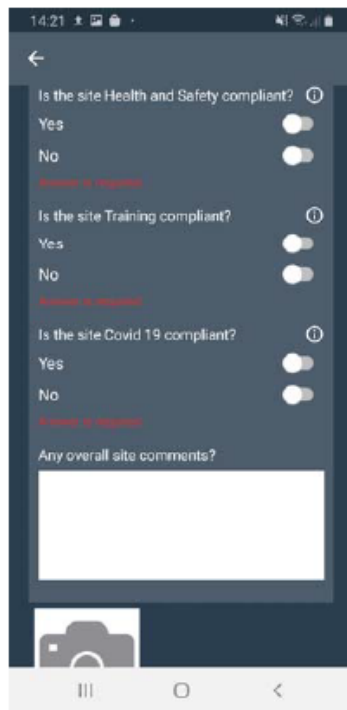

Continue to complete each section until done and then hit 'Complete' on the bottom of this screen when all done.

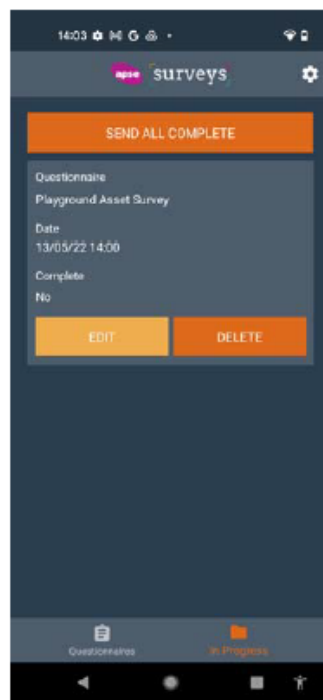

Complete your Inspection with adding comments and images if desired.

Clicking 'Send Later' saves your inspection for sending later – over Wifi maybe.

Clicking 'Send Now' sends your completed Inspection off to the LA for Review.

If you haven't completed everything that is required it tells you so and highlights the missing fields.

To Send Later or finish In Progress Inspections, tap the 'In Progress' tab from the Welcome & Surveys screen.

Any unsent Inspections are listed here.

Click 'Edit' to go through to Complete and Send.

Click 'Delete' to remove it completely.

Click 'Send all complete' to send all complete ones in one go.

Play Inspection Management System (PIMS)

What's the cost?

£600 per year per authority.

Includes training

Unlimited users

12 councils signed up to date.

Must be members of PN for Parks.

Next steps:

- Field test the App
 - 4 councils piloting this:
 - East Ayrshire Council
 - East Riding of Yorkshire
 - Eastleigh Council
 - Highland Council
- Rollout – Winter 2022
