Committed to Sustainability

Our Sustainability Formula

244NX Compact Scrubber Dryer

Numatic

Investing in the **right cordless network** will drive **efficiency** and return on **investment**.

- Save on purchase cost
Cordless Network vs Cordless Stand Alone
(reducing number of batteries and chargers required)
- Reduce portable appliance testing costs
- Simple and flexible procurement solution
- Expanding range - NX300 New Product Development programme

With NX300, you're partnering with **UK's best selling** and most **reliable commercial vacuum** brand.

Better with NX Pro Cordless

Numatic

More Time to Clean

No Testing Required

No Cable Trips

Lower Noise

Lower Energy Cost

All Hours Cleaning

ECO-Matic Cleaning Trolley

Numatic

*Stated figure represents maximum use of recycled plastic in ReFlo janitorial range, excluding kits and accessories.

- ✓ **Best Value Cleaning Trolley**
Delivering tough, professional and versatile features in our best value cleaning trolley system.
- ✓ **Environmentally Sustainable ReFlo Technology**
Engineered from the highest quality recycled plastic using innovative, environmentally sustainable ReFlo Technology.
- ✓ **Compact, Easy-Store Design**
Easy to store and unobtrusive in use.

- ✓ **Built to Last**
Benefitting from unique Structofoam construction, using co-polymer grade material to offer higher impact strength, ECO-Matic is tough and built to last.
- ✓ **Quick and Easy Assembly**
Get straight to business; each model can be quickly and easily assembled in less than 15 minutes.
- ✓ **Safe and Secure**
Safe and secure storage options and soft-ride rubber wheels for smooth transit.

ERP180 ECO Vacuum

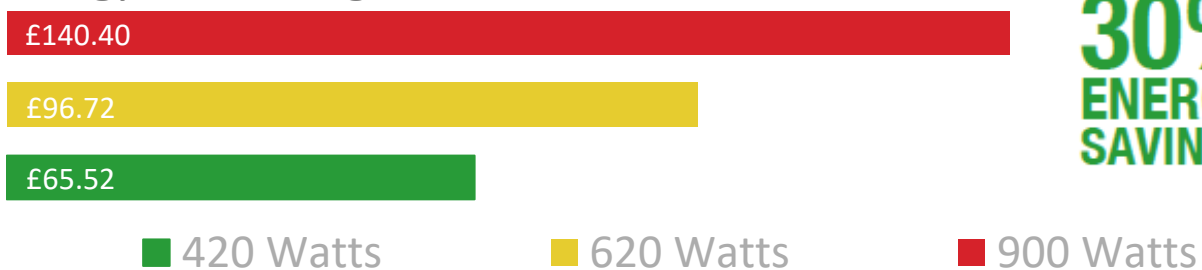

Numatic

- ✓ **Sustainably Engineered** – From the highest quality recycled plastic.
- ✓ **Advanced Efficiency** – Equipped with an energy-efficient 420W motor.
- ✓ **30% Energy Saving** – Reduce annual energy usage.
- ✓ **Built to Last** – Same heavy-duty Numatic construction.
- ✓ **Handy Features** - Easy-change plugged cable and on-board tool storage.

Energy Cost Savings

Based on using 4 hours per day, over 260 days and £0.15 kwh.
