

Introduction to Parks Management

86%

Overall

“This course would be helpful for both new starters and existing managers that need a taster in contract management and commissioning, and current challenges and opportunities in the parks sector. The session was also good for networking and supportive of career development for individuals, which was really helpful.”

Park manager
Manchester City Council

“Very informative and goes beyond by the recommending and discussing /preparing a personal skills audit.”

Parks Project Manager
London Borough of Hounslow Council

“Great that the course was broken down into headings that made sense and could be followed easily. Very engaging. (Others should come on this course because) they would learn a lot and be able to brush up on some basic knowledge.”

Technical Officer
Renfrewshire Council

“A great general introduction to parks management.”

Environmental Programme Officer
Newark & Sherwood District Council
