Our Vision

At JCB, we recognise the unique challenges and specific requirements of our public sector customers.

Our specialist team of experts are here to help you find the right solutions to suit your needs.

All our machines can be tailored specifically to meet your demands, through a wide range of specialist machines and attachments.

UK Dealer Network

JCB operates a comprehensive and strategically located dealer network across the UK, ensuring nationwide coverage and exceptional customer support. With over 7 dealers throughout the UK, JCB's UK network provides:

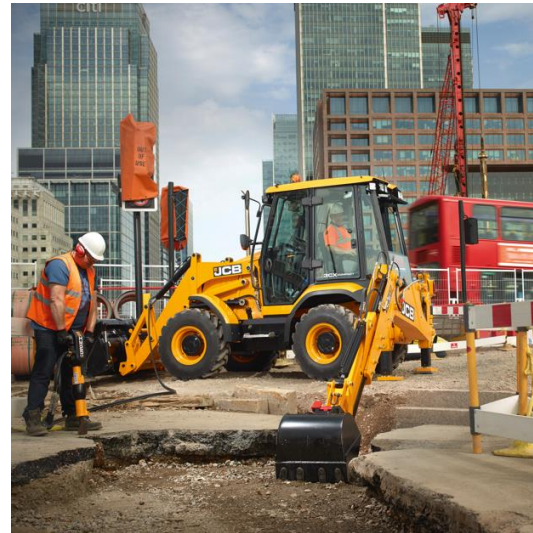

Our Solutions

Highways Maintenance

JCB delivers industry-leading solutions for safe, efficient road and highways maintenance.

- JCB Pothole Pro -The all-in-one road repair solution—cuts, crops, cleans,
- 3CX Compact Backhoe Loader Ideal for urban environments —tight turning circle, low noise, powerful performance.
- JCB VMT Series Rollers - Compact tandem rollers for effective compaction on repairs, cycle paths, footways and verges.

Winter Maintenance

JCB machines help keep roads open, communities moving, and public services operational—even in extreme conditions.

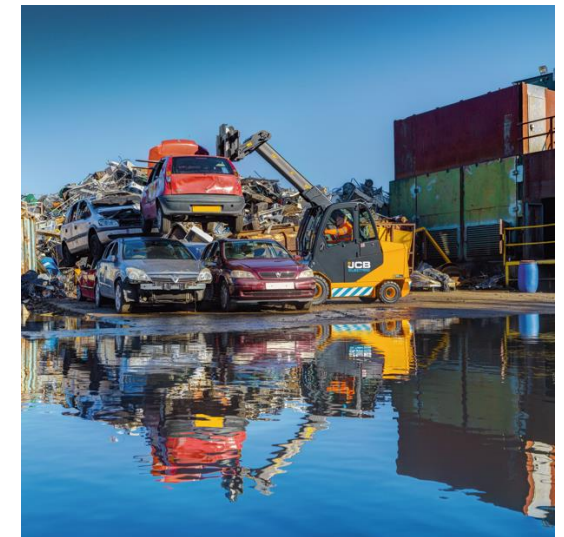

- JCB Fastrac with Snow Equipment
Purpose-built for highway snow clearance and de-icing.
- JCB Telehandlers and Compact Loaders - Flexible tools for depot clearing, loading salt, and yard maintenance.
- JCB 3CX Backhoe Loader – Winter Pack
Versatile year-round machine adapted for winter duties.

Waste & Recycling

Waste sorting depots and recycling centres demand machines that can handle high volumes, tight spaces, and constant loading.

- JCB 437 & 457 WasteMaster Wheel Loaders
Heavy-duty bulk movers with high-capacity buckets.
- JCB 20MH Material Handler
Purpose-built for high-reach waste sorting and bulk material handling.
- JCB Teletruk (Electric or Diesel)
Compact telescopic forklift with forward reach.

Parks and Landscaping

JCB offers a full suite of machines for year-round management of parks, gardens, cemeteries, and public green spaces.

- JCB 19C-IE Electric Mini Excavator - Zero-emission digging for noise-sensitive areas.
- JCB Compact Track Loaders & Skid Steers - Ideal for clearing, levelling, and path repair.
- JCB Fastrac Compact Tractor with Mowers - Versatile tool carrier for larger parks and estates.
