psst...

We think **Stockton-on-Tees** is actually rather good. **Pass it on.**

You might have heard that Channel 4's 'Benefits Street' cameras have been filming in Stockton-on-Tees. Their presence here has done little for the image of our fine Borough and its proud communities and judging by the calls and letters we've received you agree! So why don't we tell people what Stockton is really about?

The 'Positively Stockton-on-Tees' campaign will show what a great place our Borough is. We've got lots planned - but we need your help. We'd love you to get involved and share your ideas. Go to www.positivelystocktonontees.co.uk or just keep listening...many quiet voices can make a LOT of noise!
