新年快樂

In Chinese culture RED represents happiness, beauty, success and good fortune. These wildflowers were sown by the National Wildflower Centre and local people to celebrate the links between Liverpool and China, and opportunities for nature and colour in Cities everywhere.

A creative wildflower project generously funded by John Swire and Sons. The areas will be re-sown and flower again this summer.

Thanks to The Pagoda Centre, Liverpool's Chinese Community, Urban Splash and Liverpool City Council. www.nwc.org.uk
