COMPOSTING FACTS

- | | | | |
|--|--|---|---|
| <p>1</p> <p>Composting recycles food scraps, garden waste and other organic wastes into humus; commonly referred to as compost.</p>  | <p>2</p> <p>Composting reduces organic waste in landfill, helping to reduce issues surrounding leachate and greenhouse gas emissions.</p>  | <p>3</p> <p>The high level of microbial activity in compost boosts beneficial microbes within your soil which, in turn, assists plants to strengthen their immune systems.</p>  | <p>4</p> <p>Applying compost to your garden allows soil to breathe, ensuring plants are healthy and vibrant.</p>  |
|--|--|---|---|

<p>✓ YES YOU CAN COMPOST...</p> <p>Greens</p> <ul style="list-style-type: none"> • Tea bags • Grass cuttings • Vegetable peelings, salad, fruit • Old flowers and needles • Coffee grounds and filter paper 	<p>✓ YES YOU CAN COMPOST...</p> <p>Browns</p> <ul style="list-style-type: none"> • Egg shells • Garden prunings • Dry leaves, twigs and dippings • Tissues, paper towels • egg/animal boxes 	
<p>✗ NO YOU CANNOT COMPOST...</p> <ul style="list-style-type: none"> • Non-food items • Plastic • Metal • Glass • Dairy products • Dog waste 		<p>If you would like to compost at home, please see the park staff for more information.</p>

We are using the new bays for our park's green waste e.g. leaves, grass cuttings, shrub cuttings etc.

This will rot down and provide compost to use within the park.

This composting bay is for Worcester City Council use only. Please refrain from putting in any litter or general waste, including dog waste. There are separate facilities for recycling and waste so please use our single waste bins and recycle stations.
