Using data as an asset management tool

Planning

- Defined objectives
- Set clear goals
- Policy / strategy to achieve our goals

People

- Who is going to take responsibility?
- How are you going to complete it / methodology
- Who will help you (the team)?
- Contact them in advance / information / training
- Record your data sources and calculations

Process

- Read the data collection notes
- Decide who needs to be involved ("the team")
- Complete management and accounts data
- Follow the Guidance Notes
- Online training & support
- Comply with error checking and validation
- Review 'Draft / Exclusion Reports'

Process

- Automated data checking (DCQs)
- Data validation group
- Draft Exclusion Reports
- PI Parameters
- Online validations
- Data usage analysis & data review sessions

Portfolio

- Physical assets (CIPFA Highways Network Asset Code 2016)
- Measurements / inventory
- Record keeping (inspections / maintenance / incidents / actions)

Performance

- the ultimate measure of success
- using your data / improving performance

Supported 'Data Usage & Analysis'

- Family Group, Whole Service & Regional PN reports
- Regional & bespoke reports (CSSW Report / BUC tools)
- How to interrogate your data
- Identifying strengths and weaknesses
- Verify source data
- Identifying and networking with good performing authorities
- Best performer / Most improved performer awards

Interrogating the data

What is my data telling me

- Assessing who is good and why
- Setting realistic improvement targets
- Setting improvement timescales
- Identifying action plans to achieve target goals
- Use PN to monitor progress
- Assess changing customer satisfaction

Performance indicator

All asset types amalgamated performance indicators - Headline Financial

PI 63b - Total investment expenditure by carriageway network length (excluding CEC)

Carriageway asset performance indicators - Safety

PI 03a - Percentage of emergency (cat 1) defects made safe within response times

PI 03b - Percentage of emergency (cat 1) and "find & fix" defects made safe within response

PI 39a - Percentage of safety inspections completed on time

PI 39b - Percentage of planned kilometres of safety inspections completed

PI 114 - Percentage of maintained network subject to salting regime

PI 62 - Kg of salt used per km of road treated

Carriageway Baseline Unit Cost (BUC) Tool 23-24

Go

Purpose: This tool generates baseline unit costs for the different carriageway treatment types

Revision: v1

Navigation Guide:

| Navigation duide. | |
|-----------------------------|---|
| BUC Last 5 years | Presents a summary of the BUCs over the last 5 years both graphically and in a table. |
| | Presents a comparison of the generated BUCs (median rates) for each carriageway treatment |
| LA & BUC Comparison 2023-24 | type to each LA's unit cost submission for the current financial year. Enter the PIN for an |
| LA & BOC Comparison 2023-24 | individual local authority to compare its unit costs against the most recent BUCs for the |
| | different carriageway treatments. |
| | Presents a comparison of the generated BUCs (median rates) for each carriageway treatment |
| LA & BUC Comparison 2022-23 | type to each LA's unit cost submission for the 2022-23 year. Enter the PIN for an individual |
| LA & BOC Comparison 2022-23 | local authority to compare it's unit costs against the generated BUCs for the different |
| | carriageway treatments. |
| | Presents historical rates (5 years worth) for carriageway unit costs for each local authority |
| Rates (included) | extracted from APSE returns for each financial year. The most recent returns (unit costs) are |
| | inputted in this tab to generate median rates (BUCs). |
| Rates (excluded) | Presents excluded rates (5 years worth) for carriageway unit costs based on set parameters |
| nates (excluded) | to remove outlier results not fitting with expected ranges. |
| | Presents a methodology on how to use this tool to generate BUCs / median rates, how to |
| Guidance Notes | compare BUCs to each individual LA's unit cost for each financial year and how to interpret |
| | the data. |
