Car Club

Lower cost per journey

Aligned to UK government targets of decongestions and decarbonization.

Car Club eliminates 6 journeys required to fulfill a single delivery and collection request (DSTL case Study)

All low emission zone compliant

Flex-E-Rent

UK's largest, diverse fleet aligned with operational PS fleets

Flexible hire options, adaptable to funding models

Enables testing of new tech

Investment Customizable

Ideal for scaling up fleets for seasonal activities (e.g., local authority grass cutting)

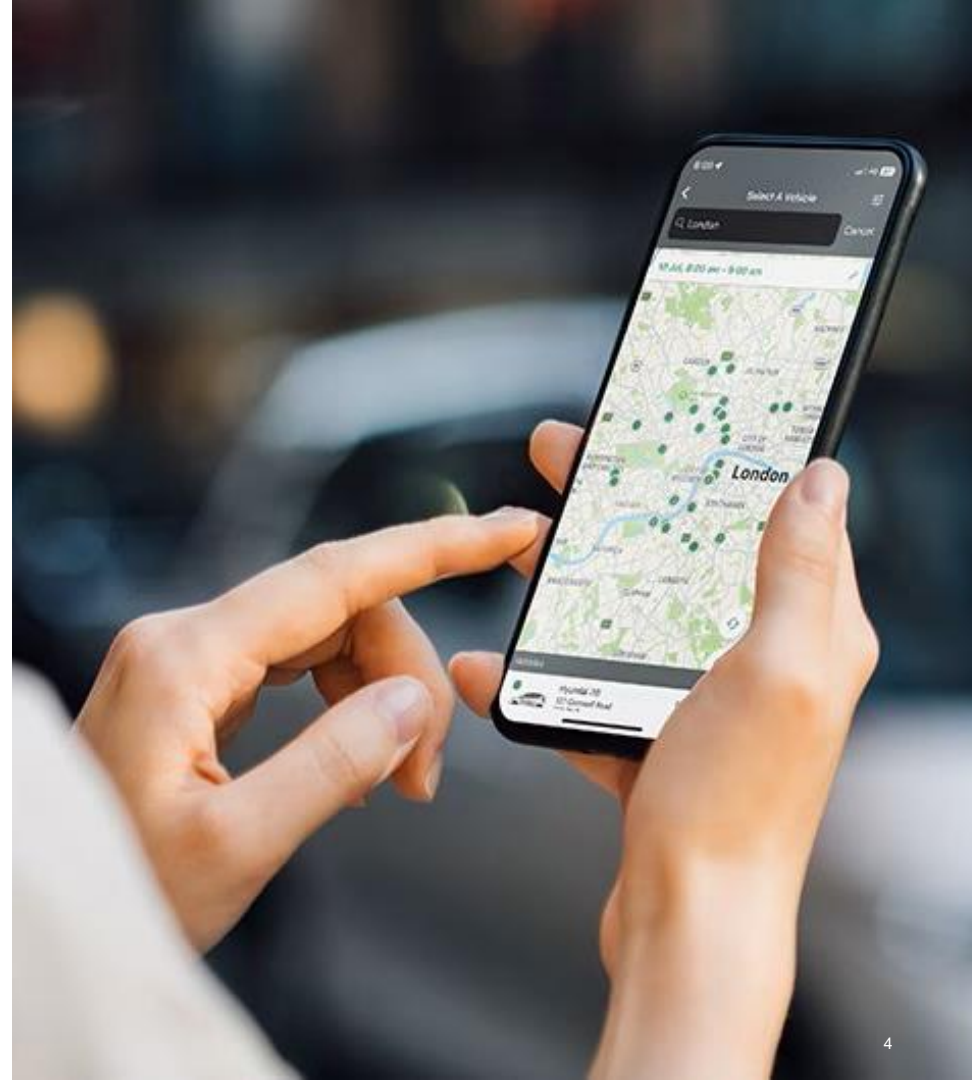

Innovative solutions
