Repair and Re-use Schemes

Resources and waste strategy for England

- 'preserve our stock of material resources by minimising waste, promoting resource efficiency and moving towards a circular economy'
- A more circular economy (re-use, remanufacture, repair, recycle) will see us keeping resources in use for as long as possible. It will allow us to extract maximum value from them, then recover and regenerate products and materials at the end of their lifespan.

Examples of repair and reuse opportunities

www.apse.org.uk

Where's there's muck.....

What are local authorities doing?

Discussion points

- Working examples – provision of details
- Barriers to establishing re-use and repair schemes
- Ideas regarding engaging the public to re-use and repair.

NEW MUNICIPALISM

Delivering for local people and local economies
